

## Dining Chairs as Exciting to Look at as to Sit In

Posted by [Catherine Cleare](#) on Sep 12, 2011 in [chairs](#) | [0 comments](#)

My [Interior Design](#) philosophy is, "it's all in the details." Nothing proves this statement more than dining chairs. They make a big impact in transforming a room. Here are nine examples of dining chairs as exciting to look at as to sit in, and the type of rooms they can make come to life.

This chair has a Damask pattern cut into the back, which would create a beautiful shadow line on the floor from sun beams.
